

**In Honor of Kalindi's Birthday  
January 2, 2018**

*Excerpts from the talk "We Have To Say It Straight"  
Kalindi speaking on November 19, 2007*

**We need to come out to this world.**

You are with the Lord in such a personal way that you know it to be true.

When I was leading the Seminar,  
the people knew that the Lord had come.  
And they were coming in there, as scared as they were,  
they knew Kalindi was a Master and they knew that Gourasana,  
the Lord has come.

They didn't necessarily believe it, but it was beyond their mind  
and their heart was shaking. They had to go try this.

And the people that were talking to them knew it in their heart.  
Their heart was talking to those people, to their heart.

They were talking from their heart.

Like the disciples of Jesus did, and with all of the enthusiasm,  
what was here for the people of the world.  
So now it is critical that we go out into the world and tell the people.

But we come out as representatives of the Lord,  
and you are all here to go out amongst the people of the world.  
Find the ways. Find it. Live your life bringing the Lord to the world.  
Do it. It's time now and we just have to do it.

**Tell me how much ecstasy you were in just giving away God.  
Just giving away God. That's what I want for my birthday.**

**I've always wanted this for my birthday.  
And plus I've wanted the Seminars filled up.  
But this year, I just want God to the world.**

I am here to tell the world that the Lord has come.  
And there is no eternal hell. And you can have the love of God  
no matter what. God's love is for everyone.

And He's here right now and He is helping the world  
with the mass crisis that's going on in the world.  
He's here and He's watching and He's moving things. And He's here to help.  
He's here to help individuals that want Him - that want to come to Him.  
He's here to help people that want to come Home to Him.  
The Father. The Almighty Father.

Now don't you think that the world wants to know?  
And that the people that know it, that have it,  
need to stand up and say it, "that the love of God is here and it is the most  
incredible love and freedom of the self."

**So I'm trying to tell my Mission, this is the job to be done.  
To transform and to speak:  
"The Lord Almighty has come. Lord Gourasana.  
Please, please come and find out for yourself.  
Come to this Seminar."**

But we need to get through this fear. By letting the love of God blow up  
inside of the hearts of all of us. Let the Host explode in your heart.

And pray to God Almighty, "Please, use me to let the people of the world  
know that you are here and that God's love is for everyone."

Let love come to the world through all of you.  
Let it burst. Let it come.  
And let it never stop coming.

We are the ones that have brought in the Incarnation for this age.  
It's not going to happen somewhere else.

Do you want to just spend your life talking to people  
about healing and getting through their pain and their issues  
or do you want to light up?

Light up. Light a fire under you. Light up. Light up.  
*"Joy to the world, the Lord has come."* You see?

If you want to open your mouth, go, the Host be with you.  
Talk about God, talk about God, talk about God.  
Of course this world doesn't want to hear about God  
because it's the world of illusion.  
But we are here to bring the Lord to the world.  
We have to pierce it. Pierce it.  
Talk, talk, talk, talk, talk, talk, talk.

And wear your different short skirts and wear all different kinds of clothes.  
Not just short skirts but dress how you feel.  
You don't have to conform to being some kind of straight-laced person.  
People want to see something far-out.  
Do you remember Kalindi?  
Do you remember this body was wearing chaps,  
leather chaps in the [Seminar] and how just incredibly wild she was?  
So let your spirit come to life in your body and go out.

**Joy to the world, the Lord has come.**

Look at the love in your heart  
and look at the freedom that you have that your neighbor doesn't have.  
Just go outside in the morning when they're all getting in their cars  
going to work and just see the lack of love and freedom.  
And then put your T.V. on and watch the news.  
Wake up. Wake up.

**We have something very great.**

**We have the duty to announce, to give, to let it be known that  
the Lord Almighty Father has come to this earth to be known, to be had.  
Now. So now, let's do it.**
